Hi Emi,

Thanks for the introduction. Bill and Malenna, I'm looking forward to working with both of you. Thank you for sending comments on the draft permit.

To give you a little background, I've worked in the Watershed Unit in EPA Region 10 since 2001 on Total Maximum Daily Loads. Over the last 5 years, I was the EPA coordinator for Oregon TMDLs. I'm still in the process of transitioning into the Permits Unit as my projects get reassigned, so will be working closely with Jill Nogi in her new position and Erin Seyfried in the Permits Unit. Please don't hesitate to reach out and let me know if you have questions. I'll make sure to keep you up to date on where I am, too.

Thanks,
Jenny Wu

Subject: Introductions: Leavenworth NPDES staff

Hi all,

Since Jenny is out of the office for the next couple of days, I thought I would introduce you to each other virtually. Jenny, please meet Bill and Malenna from US FWS. Bill and Malenna, Jenny will be the permit writer for the Leavenworth NPDES permit.

After Jenny is fully on board, we can all touch base to coordinate the consultation, perhaps sometime next week depending on availability.

Thanks,
Emi
